# Northumberland Wildlife Trust

*People taking action for wildlife*

## **Big Waters**

### *Access/entrances:*

The entrance to the reserve is 300m west of the car park for Big Waters Country Park. From the car park a wide grass track leads along a field boundary before joining a broader track with a level, hard surface. The entrance is through two single-latch gates on a level path.

### *Terrain:*

Terrain is mostly wide boardwalks, and is flat and easy.

### *Paths:*

There is a permissive footpath leading to two bird hides, although there is no circular route around the reserve. The path to the eastern hide is a narrow dirt track, whereas the path to the western hide is along a 300m section of boardwalk with regularly 'passing places'.

### *Facilities:*

The two bird hides are locked, member-only hides. The eastern hide is entered at ground level and the western hide is accessed via a ramp.
