

Guidelines for Photographers and Birdwatchers visiting Gilfach Farm Nature Reserve

For those of you wishing to photograph birds or any other wildlife during your visit to Gilfach, we kindly ask that you follow some guidelines which are supported by the Nature Photographers Code of Practice:

- Always keep a respectful distance from wildlife - do not disturb or harass animals just to get a good photograph.
- Tripod stands are not allowed in the farmyard as this area should be kept clear for all visitors to enjoy.
- We no longer allow visitors to feed the birds anywhere on this SSSI nature reserve.
- **Phone apps and other “bird call” devices should not be used as they can cause undue stress and confusion.**
