Thank you to Linda, Steve and the team from Blend who have been helping London Wildlife Trust run The Coal House Café recently. We are now delighted to take on the running of the café as a key component of Woodberry Wetlands. This will enable the café to provide important support to our charitable work, protecting the wildlife of Woodberry Wetlands, while providing free public access and enjoyable, educational experiences for local school children and visitors.

We are now gathering our team together and working on a new menu to please our many visitors. We would love to have your menu suggestions, just drop me a line at sthornhill@wildlondon.org.uk. We can't promise to meet everyone's wishes, but we will certainly do our best!

Many thanks, Susie and the London Wildlife Trust team
